Now you will be on our New Website for bidding on Multiple Property Auctions. Please follow the instructions below!

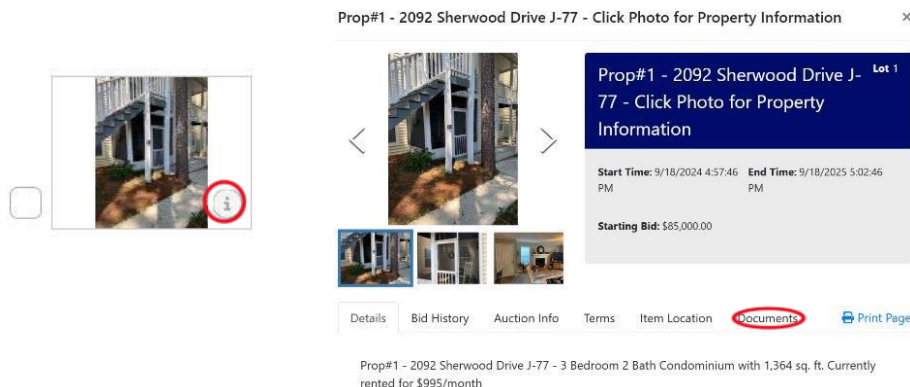

Hi! Welcome to our new and VERY IMPROVED way of Multi-Par Bidding. We have created this step by step guide on how to register and bid and how the bidding process works. Of course please call us anytime with any questions at 229-242-5412, we are here to help! But first let's make sure you can find all of your due diligence documents and property photos and get registered to bid!

So, to get here you have found the Auction Document section. Any documents in this area will be applicable to the entire auction. Such as Purchase and Sale Agreements, Terms and Conditions, Brochures, Broker Referral Registration, etc. These are the most important documents so please review carefully!

Now let's click that ENTER AUCTION button for individual property information and bidding!

On this particular auction you will see a "Grayed-Out" grid showing each property. Below the grid you will see a small picture, lot number and information for each property. If you click on the small picture that has a small "I" in the bottom right corner you will be taken to the information for that particular property.

You will now have access to all photos and documents for the property. If you click on the “Documents” tab as show above you will be able to view and print every document for that particular property. Please carefully review all documents and photos for each property.

Now that your due diligence is complete and you know what properties you are interested in bidding on, let’s get registered!

You will need to get back to the Home Screen, if you are in the property information section, just click the “X” at the top right corner. At the top of the Home Screen, click on the “LOGIN/REGISTER” button. You will now be on the “register” page. The first tab you will need to complete is “Account Information”. Here you will enter your name, create a username and password, phone number and mailing address. Once this information has been entered please click “Next Step” at the bottom right hand corner of the screen.

Now you will be prompted to enter your Credit Card Information. Per the Terms & Conditions there will be a temporary \$1,000 hold placed on your credit card to verify it is an active card. Your card will not be charged! The only time your card would be charged is if you purchased a property and failed to follow through with the Purchase and Sale Agreement, see Terms & Conditions for more information. Enter your credit card information and click “Next Step” at the bottom right-hand corner of the screen.

You are now on the Terms page. This is where you must read our Terms & Conditions, Click “I agree to the above terms” and then Click Submit.
